Conventions

One of our major goals is to exhibit at select game, comic book and sci-fi conventions. Although our catalog is a good representation of our range, photos are never as good as seeing the actual products. We are also interested in seeing you, our customer, and hearing what you have to say concerning our products. We have exhibited at the following shows in the past and plan to in the future. The month listed is when the show traditionally occurs. Check out the show web pages for the exact dates.

Founded in 1987, Chessex™ has had a long history of manufacturing gaming accessories with an emphasis on dice. Our goal is to provide high quality gaming accessories at an affordable price.

Reversible Battlemats™ Megamats™ and Mondomats™ were first introduced in 1981 and are very useful for nearly every RPG and miniature game available today. All of the mats are reversible with squares of one size on one side and hexes of the same size on the other as illustrated here. Made in USA 

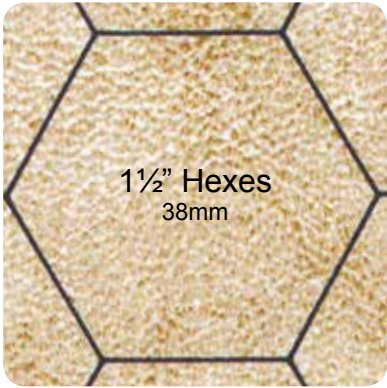

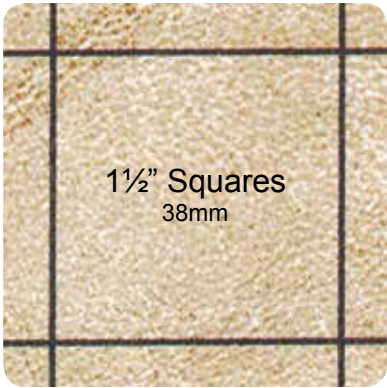

- Battlemats™** 23½" x 26" (60cm x 66cm)
 1" Squares and 1" Hexes (25mm) CHX 96246
 1½" Squares and 1½" Hexes (38mm) CHX 96257
- Megamats™** 34½" x 48" (88cm x 122cm)
 1" Squares and 1" Hexes (25mm) CHX 97246
 1½" Squares and 1½" Hexes (38mm) CHX 97257
- Mondomats™** 54" x 102" (137cm x 259cm)
 1" Squares and 1" Hexes (25mm) CHX 98246

Check with our sales staff for availability of Factory-second mats at a reduced price!

We recommend Staedtler® brand markers.

DO NOT use grease pencils, permanent markers, or dry erase pens. It is recommended to first test any new pen on a small area and wait at least 30 minutes before wiping off. Please note that red markers from any manufacturer tend to stain quicker than other colors, so please use sparingly.

Mat Markers

Manufactured by Staedtler® in Germany 

- 4-Pack, Medium-Tip CHX 03154
(red, green, blue, black)
- 6-Pack, Medium-Tip CHX 03156
(red, green, blue, black, orange, brown)
- Single Medium-Tip Marker Black. CHX 03159
- Single Broad-Tip Marker Blue CHX 03123
- Single Broad-Tip Marker Green. CHX 03125
- Single Broad-Tip Marker Black CHX 03129

Medium Tip Broad Tip

Staedtler® is a registered trademark of the Staedtler® Corporation. Mat markers are NOT manufactured by Chessex® Manufacturing.

Hexes and Squares are pictured at approximate size

Figure Storage Boxes are made of durable polypropylene with secure latches and long lasting hinges. The soft pre-cut foam protects varying sizes of painted figures and are an ideal method of storage and transportation of your miniatures.

Made in USA 

Large Figure Storage Box

Box Size: 17¹/₂" x 7¹/₂" x 3³/₈"

80 figure capacity for 25mm humanoids*
CHX 02850

56 figure capacity for larger 25mm figures*
CHX 02851

40 figure capacity
for monster-sized (larger) figures*
CHX 02852

Small Figure Carrying Cases

Box Size: 10⁵/₈" x 4⁵/₈" x 1³/₄"

14 figure capacity
for 25mm humanoid-sized figures*
CHX 02860

for use with 25mm humanoid-sized figures*
CHX 02869

The pre-cut foam inserts in all of our storage boxes can be modified to make spaces for even larger figures!

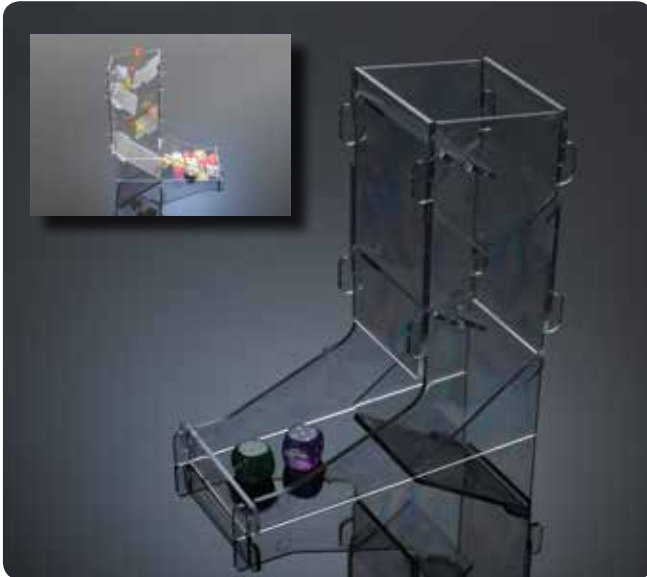

*Figures, mat and other accessories pictured are not included

We also offer a great range of **Gaming Accessories** to satisfy the needs of every gamer.

Dice Boot™

Tired of dice rolling off the table? Tired of games being disrupted by rogue dice causing tabletop mayhem? Tired of lugging around that tree stump you call a dice tower? Tired of trying to find table space for a box lid to roll dice into? Then our Dice Boot™ is for you!

Made in USA 

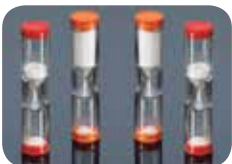

The Chessex Dice Boot™ keeps dice rolling to a restricted play area so as to prevent the dice from rolling off the table and disrupting game piece placement. The Dice Boot™ also offers substantial advantages over standard dice towers in size, durability, price, transportability, and resistance to damage. The toe (end piece) can be removed to allow the dice more room for travel while still keeping the dice from roaming wildly.

The Dice Boot™ is made of a clear polycarbonate and can be assembled and disassembled time and time again. Disassembly and packing in its slim container is advantageous for travel and storage, either packed in a game box or tossed into your game bag.

For more information on this popular product, please visit our website for the Dice Boot™ Assembly Video.

Counter Storage Trays (7 7/8" x 11 1/8" x 3/4")

Made in USA 

Holds up to 800 5/8"-counters. The 16 specially designed angled compartments are shallow enough so the counters will not flip when moved. The trays also nest for compact stackability.

Single Tray CHX 02750

The Chessex Standard™ Quality and consistency are the ultimate keys to making **The Coolest Dice on the Planet™**. At Chessex we are striving to bring uniformity of size, number marking and shape to our dice. Our goal is to give you the confidence of knowing that any Chessex die you purchase will always be of consistently high quality. In order to effectively meet this criteria, we have created The Chessex Standard™.

d4

All of our dice read from the top, making them easy to comprehend.

d6

For ease in reading, we now use underscoring, rather than tiny indicator dots, to differentiate 6's from 9's.

d8

d10

All polyhedral dice have sharper edges for easier shape recognition.

Tens 10™

d12

All of our numbers are as large as possible on each face.

d20

16mm d6 w/pips

Rounded corners on our piped dice enable the dice to tumble well on small surfaces, such as gameboards.

12mm d6 w/pips

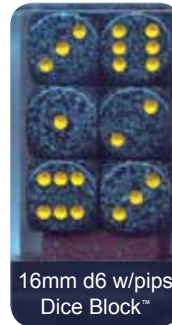

Ten d10™ set

Each Ten d10™ set contains only d10s and is available in each style and color of dice we offer.

Each Polyhedral 7-Die Set includes one each of:
 4-sided (d4), 6-sided w/numbers (d6),
 8-sided (d8), 10-sided (d10 numbered 0-9),
 Tens 10™ (10-sided die numbered 00-90),
 12-sided (d12) and 20-sided (d20).
 These sets are available in each style of material and color of dice we offer.

Polyhedral 7-die set

16mm d6 w/pips Dice Block™

Each 16mm d6 w/pips Dice Block™ contains 12 of these d6s and are available in each style and color of dice we offer.

Each 12mm d6 w/ pips Dice Block™ contains 36 of these d6s and are available in each style and color of dice we offer.

12mm d6 w/pips Dice Block™

WARNING!
Choking Hazard

Dice are not intended for children under the age of 3 years.

LAB DICE™

Introducing New Dice From the Laboratory!

Made in Denmark & Germany

In our quest to create new and exciting colors, we develop many more great colors than we can release in our regular format of ranges. In an effort to get more colors of dice to the public, we are introducing a new concept. We are calling them **LAB DICE™**.

LAB DICE™ are new colors that will be produced in lower quantities and usually only in polyhedral 7-die sets. We will offer multiple releases of these every year and they will consist of dice in our existing ranges of Opaque, Speckled, Gemini™, and Signature™ as well as new ranges. Their popularity will determine which colors will be remade and incorporated into our existing ranges in the future.

We are excited about this concept as we now have a method of including our customers in the selection process of colors into our dice ranges. Ask about our upcoming new releases!

To Be Discontinued Dice As these sets sell out, these dice colors will no longer be available.

**2019 Opaque & Translucent
 Dice Color Reference Pack
 CHX 29961**

Dice Color Reference Packets are a must for inventory and ordering purposes. This packet consists of one 16mm d6 with pips for 16 of the 19 colors of the Opaque and 10 colors of Translucent dice. On the back is a chart with color names and stock numbers of each available type of set.

Mini Polyhedral Dice Sets **Page 17**

Speckled Dice have been a popular color range for the past three decades. Speckled dice are made with the same material as the opaque dice resulting in the same quality and density.

2004-2019 Speckled Dice Color Reference Packet CHX 29992

Dice Color Reference Packets are a must for inventory and ordering purposes. This packet consists of one 16mm d6 with pips of each of all 24 colors of the Speckled dice, each labeled with their name. On the backside is a chart with the color names and stock numbers of each type of available set (Ten d10™ set, Polyhedral 7-die set, 12mm d6 Dice Block™, and 16mm d6 Dice Block™) and 34mm d20's.

34mm d20
Page 18

Gemini™ Dice were first introduced in 2006 and were an immediate hit and continue to be to this day. They are so popular that the Gemini™ material now has its own dice color range.

Dice Pound Assortments

 Made in Denmark & Germany 

Pound-O-Dice™
CHX 001LB

Looking for an inexpensive way to increase your dice collection? The **Pound-O-Dice™** is the perfect solution! Each pound has approximately 100 dice in assorted shapes with quantities weighted in favor of d6's, d10's, and d20's. Also included is a full set (7) of randomly selected, specially made polyhedral dice that are only available in this product.

The **Pound-O-d6™** is a one-pound assortment of approximately 100 6-sided dice with pips.

Custom Dice

Shipped from the USA

Dice have long fascinated people. It's no secret. With the advent of plastic dice molding, people have clamored for something more than dice with standard numbering: symbols, runes, icons...you name it, there's someone who wants it. The problem in the past for these "custom" dice has always been the price of the molding. Small production runs do not even come close to recapturing the up-front costs. The alternative to molding custom dice is printing and silk-screening, methods that produce good images but which wear away over time. Also, the set-up fees for artwork can financially kill small projects from the start. These factors have long limited the manufacture of custom dice.

What has been desperately needed is a manufacturing solution that encompasses the following parameters: short production times, low set-up costs, high detail, and permanent images. We have perfected an elegant engraving method to fulfill these requirements and when used in combination with our wide range of great dice colors, satisfaction is a sure thing.

Features of Our Engraving Process:

- Our dice are engraved and not printed, resulting in durable designs that will not rub away.
- No set-up fee for artwork.
- A sample die can be quickly generated and a photo sent electronically for approval.
- Low minimum, order as few as 10 dice.
- Multiple dice colors per engraving possible.
- High amount of detail.
- Wide range of our unique colors.
- Engraving available on polyhedral dice other than 6-sided dice.

Current Capacity:

- We engrave both text and graphics (line art is preferable).
- We currently have 6-sided dice with a blank '6' side in 16mm and 50mm available in many of colors.
- We currently have 6-sided dice with a blank '1' side in 16mm, 19mm, 30mm, and 50mm available in many colors.
- 10-sided dice with a blank '0' side.
- Polyhedral dice (4-sided, 6-sided, 8-sided, 10-sided, 12-sided, and 20-sided) blank on all sides available for total custom engraving.

For pricing, samples, or other inquiries, please e-mail us at:
custom@chessex.com

NOTE: All custom dice are shipped from the USA.
